

# LIQUID ZINC 6% Zn

Provides readily available plant nutrients with biostimulants.

## BENEFITS

- Easy to apply
- Use as a foliar feed or soil drench
- Tank mixable with biostimulants, wetting agents, Liquid Aeration

### Symbio liquid fertilisers & trace elements

are used in times of stress for rapid and effective balancing of plant nutrients. Liquid fertilisers allow you to reduce and fine tune your nutrient inputs throughout the growing season.

### Zinc

is essential for protein synthesis, seed and grain formation, enzyme systems, plant maturity and growth regulation.

**Application guide:** \*For best results consult your Symbio representative.

**PACK SIZE:**  
**10L**

10L / ha
200 - 600L water

pH: 5-6

SG: 1.19-1.22
